Fatalities in Large Truck Crashes

In 2015, 5,463 crashes involving large trucks were reported in Oklahoma, a **6% increase** over the previous year.

- **100 people were killed**
- 952 people were injured seriously

3 primary factors contributed to crashes:

- Improper act/movement (12.9%)
- Unsafe speed (8.3%)
- Inattention (7.5%)

OHSO

Tips for Sharing the Road with Trucks

- Avoid blind spots
- Pass trucks with caution
- Don't linger near the truck
- Don't cut trucks off; it takes longer for them to stop
- Try to be predictable; avoid making erratic moves
